Subject House Building advance to officials of the Chitaldroog Dt.

Letter No. 147 dt 25-5-03 from the Dy Comm. Chitaldroog Dt.

The Dy Comm. states that he has selected Accaraghatta 86-88 & 89 of the Kelakote village for the extension of the town to enable officials who have been suffering from house difficulty to build houses thereon and recommended the grant as a special case, of an advance of one year's pay to each of the 30 officials referred to in the list submitted by him.

The Dy Comm. further states that the cost of providing water and other conveniences in the extension and laying out roads and conservancy

I accompanied the application for the Town Municipality loan to Mr. Chapleau to support and help from it moving to the increased Condition of its finances and solicited a grant in aid of the 3000$ from the Provincial funds or local funds general.

Sir Richard to the Premier when the question of the acquisition of lands by the Crown of the Town which is dealt with separately, is finally settled.

The provision is made for house building advances in the current year's Budget provision could be made in the next year's budget. Applications for house building advances are all kept in abeyance pending next year's Budget provision.

Submitted. Min Secretary for orders.

Lewan's order. 24/6. The question of grant-in-aid may be settled

Office of the Deputy Commissioner
Chitaldrug District

No 747/Encr

Dated, Chitaldrug, 5th May 1903

From

H. Ramanujaiengar, Esquire
Deputy Commissioner,
Chitaldrug District.

To

H. V. Nanjundayya, Esquire, M. A., M. L.
Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments,
Bangalore.

Sir,

Reporting to Government in February 1895 regarding the "house difficulty" in the town of Chitaldrug, Mr. Srinivasiengar, the then Deputy Commissioner, and now member of Council wrote as follows:—

"Houses in this town are extremely difficult to get while house rent is almost prohibitive".

This was the state of things before the appearance of Plague. For the past two years, this dire disease has been an annual visitor and the above 'House difficulty' has consequently become very much aggravated. While paying prohibitive house-rent for their houses in

in the town during the prevalence of Plague, the poor Officials have had to live with their wives and Children in sheds built of flimsy materials which hardly afford sufficient protection against the scorching Sun and high winds for which Chitaldrug is only too well known. As the last Plague Case was reported a little more than a month since, the people have begun to return to their houses in the town one by one but they have always the fear before them of having again to evacuate the town in case another recrudescence of Plague should unfortunately take place.

2 With a view to solve this recurring difficulty, the Officials have been repeatedly expressing their solicitude to build small houses outside the town on Sanitary lines if Government would kindly lend them a helping hand. I have accordingly selected the marginally noted* Survey Numbers of the Kelkote Village for the extension of the town. They are situated to the north of the Government House Compound and seem well suited for the purpose. The fields in question being under Occupancy, a separate reference

*Survey nos 86 - 88 and 89

reference is being made for acquiring them (Vide the Office No 748 dated 5th inst.) under the Land Acquisition Regulation on payment of suitable Compensation to the owners.

3 From the enclosed list it will be seen that 29 officials are prepared to set about building houses at once and more are likely to follow their example, but owing to the unfavorable seasons and the high prices of food grains during the past three years, the resources of people with fixed income have become seriously crippled. This added to the other difficulties above referred to renders it hopeless to expect the poor Officials to build houses for themselves without extraneous help. For these Considerations, I beg most earnestly to submit their Cases for the liberal Consideration of Government and solicit that Government will be pleased to grant them each one year's pay as a building advance as a special Case. If the above Concession is kindly granted, the advance will be adjusted in 4 years by monthly deductions of 1/4th of their pay or 1/48th part of the advance amount.

4 Further I beg to add that water and

other Conveniences will have to be provided in the extension and roads and Conservancy lanes laid out. The Cost of these improvements would be a very proper Charge on the Town Municipality but owing to the impoverished Condition of its finances, it is hopeless to expect any help from that quarter. I therefore solicit that Government be moved to favor a grant-in-aid of Rs 3000/- from Provincial Funds or Local Funds General for the above purpose.

5 The Cost of acquiring the lands and of laying out streets in this locality will, it is hoped, be defrayed from the expected sale proceeds of Bungalow and house-sites.

6 A plan showing the position of the lands in question is enclosed for reference.

I have the honor to be,

Sir,

Your most Obedient Servant,

Deputy Commissioner,

Chittaldrug

List shewing the names of officials who have applied for advances to build houses in the extension of Chitaldrug Town
